September 10th - STARSkate for all other skaters.

Please remember the following:

1. Be sure to create your Uplifter account if you have not done so already. Then send an email to southwindsorscinfo@gmail.com to get any club credits added to your account.
2. When you register, make an effort to register your most expensive program first if you have multiple children registering. This will make it easier for the computer program to apply the appropriate discounts.
3. If you have any questions please contact our email address southwindsorscinfo@gmail.com and your questions will be answered. Please allow time for questions to be answered.

Thank you for your patience as we move into electronic registration.

We look forward to seeing you back at the arena.
